

## Credit Card Processing Integration Module – Terms and Conditions

### Merchant Account

- You must keep your Merchant account and Gateway with the one provided by CMS.
- A current CMS subscription is required for the use of this module.
- Fees associated with your Merchant account and Gateway are your responsibility.
- Your Merchant account and Gateway are subject to their own terms and conditions.

### Support Limitations

- Actual processing of cards is handled by the Gateway and Merchant account. Any support issues related to the processing of the card must be directed to the Gateway or Merchant account customer service.
- CMS will provide technical support related to features in CMS in connection to charging cards and interacting with your Gateway. CMS will also be able to assist in determining the source of an issue and whom to contact for technical support.
- There are no additional fees for support and updates with this module. Your regular subscription includes this.
